

VARIAN | UNITE

User Guide Login and Registration

Logging into Varian Unite allows you access to certain features of the app. Among these are the ability to share documents and other knowledge-sharing features, and access to the Events portion of the app, which provides details about select Varian events. You will also be able to take advantage of new app features that will be released in the near future.

Login and Registration by User Profile

Varian Unite now offers login and registration by user profile.

Please note: Varian encourages **all customers** to log in through the **MyVarian User** link—including those who do not yet have a MyVarian account. The two sites are complementary and will likely become even more so in future releases. Having a MyVarian account gives customers access to the company's online customer support community. MyVarian.com is a knowledge center offering up-to-date training, education and product-related information to help you utilize and market your Varian products and solutions.

Other user profiles include Varian Oncology Systems employees and non-customer visitors (previously registered and new). Please see below for instructions.

MyVarian User *(all Varian customers)*

Login and registration for all Varian customers: both MyVarian account holders and those who do not have one. If you do not have a MyVarian account, you can easily set one up on MyVarian.com or through Varian Unite.

How to Log In:

If you have a MyVarian account:

- Select the **MyVarian User** tab.
- Use your credentials to log in to Varian Unite by entering the same email address and password you use to access your MyVarian account.

If you do not yet have a MyVarian account:

- Go to MyVarian.com and create an account. Follow **Steps 2 - 4** below.

OR

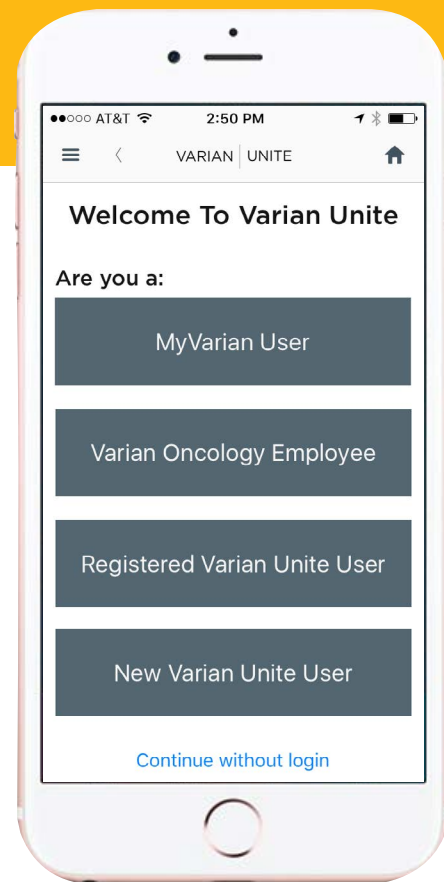

- Go through Varian Unite and select the **MyVarian User** tab.

Step 1: Scroll down and click the [Create new account](#) link. You will be routed to MyVarian's [User Account Registration](#) page.

Step 2: It may take up to 24 hours to activate your MyVarian account. You will receive an email confirmation with login instructions once your account is available for use.

Step 3: You may continue to browse through and explore the Varian Unite app while waiting for your MyVarian credentials.

Step 4: When your MyVarian account is activated, return to the Varian Unite app, select the **MyVarian User** tab, and log in by entering the same email address and password you use to access your MyVarian account.

Login and registration page

Available for both iOS and Android devices.

User Guide Login and Registration

Varian Oncology Employee

Login for Varian Oncology Systems employees

Registered Varian Unite User*

Login for others who are not Varian customers

***Note:** Varian Unite 3.0 is a new platform. Previous Varian Unite users need to register again to access the locked features of the app. Please use **New Varian Unite User** tab to register when you visit for the first time. Use the **Registered Varian Unite User** link for subsequent visits.

Reminder to Varian customers: your user profile is “MyVarian User”. Please see the **MyVarian User** instructions above for the login and registration steps.

New Varian Unite User*

New registration for others who are not Varian customers

***Note:** Varian Unite 3.0 is a new platform. Please use this profile when you visit for the first time. Once you have registered, upon returning, you'll use the **Registered Varian Unite User** profile.

Reminder to Varian customers: your user profile is “MyVarian User”. Please see the **MyVarian User** instructions above for the login and registration steps.
